CATALOGUE NO. 16.

INDEX ON LAST PAGE.

❧ NOTICE ❧

HAVING increased our manufacturing facilities, we are prepared to execute orders promptly and carefully. Prices have been reduced.

IN preparing this Catalogue, great care has been taken to illustrate such articles as are used in some form by all business men. If there is nothing in it you require at present, preserve the book for future reference, as many articles specified herein are difficult to find when wanted.

The name or number given each Badge or Check refers to the shape of the *blank*, without reference to any lettering there may be on it. Do not deface the Catalogue by cutting out the illustrations, but order by stating plainly the name and number given each article.

We manufacture to order a variety of work on which it is impossible to quote prices until we know the quantity, quality and style required. For all such work we give special estimates.

We furnish, upon application, Descriptive Price List of Rubber Stamp and also Stencil and Key Check Outfits, showing how the business can be easily and profitably connected with other occupations, or adopted as a specialty.

Remittances may be made by Express Money Order, Draft, Post Office Order, or Registered Letter.

Brass and Silver Plated SIGNS

OF ALL DESCRIPTIONS FOR

STORE FRONTS, OFFICES,

WINDOW SILLS, WAGONS, ETC.

Nothing adds more to the outside appearance and dignity of an office than a Brass Sign.

A brass plate with letters sunk and enameled black, mounted on wood base with beveled edges, makes one of the most attractive and durable signs that can be made. Made in any shape, style or size.

WE MAKE A SPECIALTY OF

RAISED LETTER METAL SIGNS.

These Signs are made with solid Bronze or Brass Letters and Borders, highly polished and placed on a dark Oxidized or Polished Copper background. They are both rich and ornamental in appearance, easily kept in order, and owing to the materials of which they are made, are practically indestructible. (See Nos. 8, 11, 12 and 13.)

Medal and Diploma Awarded at World's Columbian Exposition.

Gilt and Silver Plated, for Caps, Coats, Etc., with wires on backs.
Very cheap, according to quantity.

"Milk Can" Letters 1-7/8 in. high with solder on back, \$1.25 per hundred.

WOOD LETTERS—Plain or gilded. State size and quantity.

Gold and Silver Plated Harness Letters and Monograms,

Cardboard Pattern Letters for painters, etc.

CONVEX GLASS LETTERS—Being concave on the back and mirrored in gold or silver by a new and patented process, they show on the front or face side a convex or half round effect and the mirrored finish is altogether more brilliant and attractive than that of any other letter on the market, while their durability is of the very best. Prices on plain gold and shaded letters and figures on application.

Although the first cost of glass letters is a little higher, they are cheaper in the end than ordinary plain painting or gilding on glass, and are the most ornamental and pleasing article in the line of Signs for outside show.
